

Nilfisk-ALTO POSEIDON 3 – WHY COMPROMISE

Powerful and compact cold water cleaning

**Nilfisk
ALTO**

Why Compromise

Tradesmen, small building companies use for cold water pressure washing time each day.

The new Nilfisk-ALTO POSEIDON 3 line offers an ideal cleaning solution for these frequent, low intensity uses typical of so many customer groups. The POSEIDON 3 line is robust, yet compact – making the machines easy to store or transport and yet very resistant to shocks such as those incurred on construction sites or in the back of commercial vehicles. And in spite of the small size, the POSEIDON 3 line offers high cleaning power in both single and three phase versions.

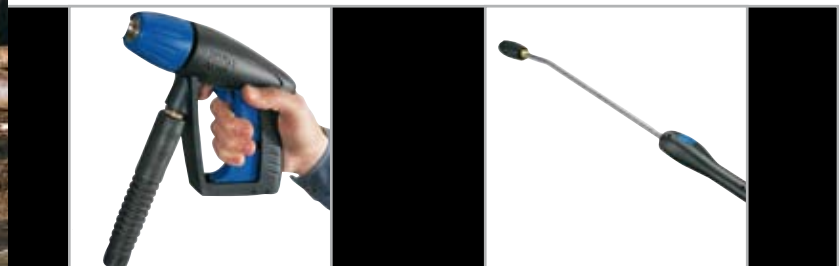

Powerful Cleaning

Pressure levels of up to 170 bar and water flow of up to 825 l/h means you can cut into even ingrained dirt, bringing working time down considerably.

Easy to Use

As for all the Nilfisk-ALTO pressure washers, focus has been on ergonomics and ease of use. The POSEIDON 3 is a simple machine to use – quick to install, quick to change accessories and easy to move around.

The Ergo System is the ultimate in ergonomics, user-friendliness and adaptability of the pressure washer for users and their cleaning tasks. Find these solutions and many more in our main catalogue.

New Ergo 1000 spray gun : ergonomic, robust and also easy to service. The new Ergo 1000 spray gun is standard equipment on POSEIDON 3.

The FlexoPower 3000 lance offers an ergonomic, lightweight design with stainless steel tubing and possible pressure regulation at the nozzle head. Ideal for normal pressure washing, detergent application and rinsing.

panies, small garages or farms have frequent

*The integrated injector-doser and suction
hose make application of detergent
quick and simple*

- Robust aluminium handle makes transport easy
- 2 lance holders ease storage of additional accessories
- The new axial wobble disc pump with stainless steel pistons is resistant and ideal for frequent and general use
- The big, wide wheels and 2 front feet make the POSEIDON 3 very stable and also easy to move around on uneven ground
- Inlet and outlet couplings on the same side of the machine also make the product easier to move around

The Tornado Plus nozzle gives a highly concentrated jet, increasing cleaning efficiency by 75% compared to standard nozzles.

The Ergo couplings make it easy and very quick to prepare for work. Just one click and the hose is connected.

The cool facts for the POSEIDON 3 range
